

AN **ADAPTIVE LEARNING SYSTEM** PROVIDING  
RESOURCES TO ENSURE UNDERSTANDING

If you could make the best use of time, maximize potential, and leave nothing to chance when it comes to you and your students' success, wouldn't you?  
Time is valuable. **Make It Count!**

## Make It Effective.

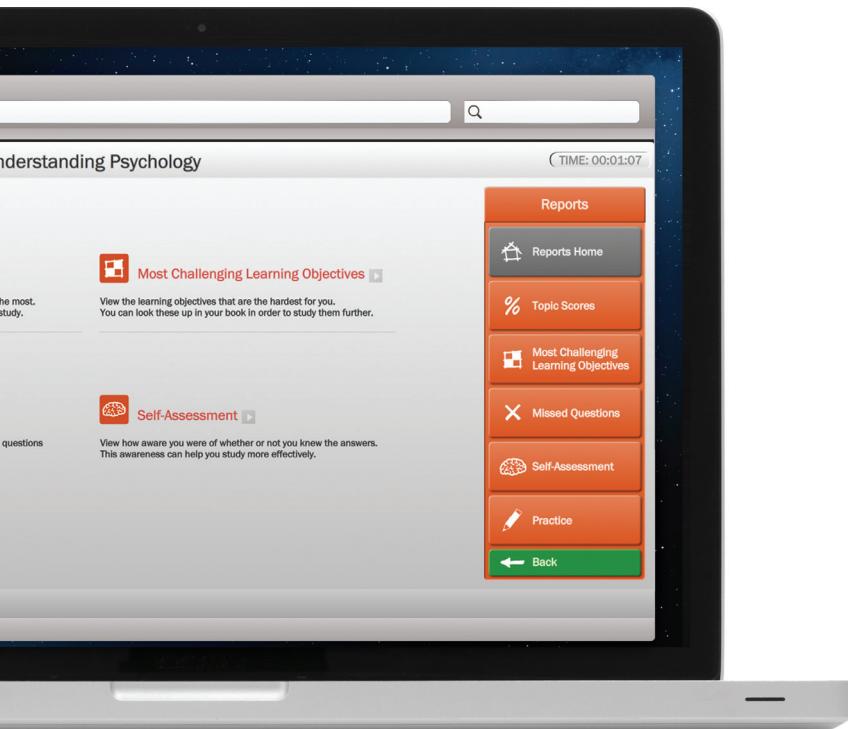

LearnSmart Achieve™ pinpoints an individual student's knowledge gaps and provides learning tools at the moment he or she needs them the most, ensuring that every minute spent with Achieve™ is returned as the most value-added minute possible.

## Fueled by the Proven and Adaptive LearnSmart Engine

More students  
earn A's and B's  
when they use  
LearnSmart.

## Make It Informed.

Students are able to study more efficiently because they are made aware of what they know and don't know. Real-time reports quickly identify the concepts that require more attention from individual students—or the entire class.

## Make It Focused.

A time management feature ensures students master course material to complete their assignments by their due date.

## Make It Required.

Your time—as well as your students' time—is valuable. Make every minute count by requiring students to use adaptive tools like LearnSmart Achieve™.

It's Your Class Time. **Make It Count!**
